I always been a bit curious about reading a story about a merman, but I keep move back and forward whether I should try it or not....Until one day, out of the blue i decided to push my limit by trying it.And that when I stumbled to Beloved...This is my first merboy/merman story and I'm feel giddy, curious and nervous too...Will I like it? Or I don't know feels 'uncomfortable' ?But when I start it, I instantly fall in love with the story and surprisingly I LIKE it.It was sweet, innocent and beautiful story wrapped in breathtaking beautiful illustrations.I do really like the first part of this series, but the second part of the series not as good as the first one...But overall, this probably the best Amelita Rae's book I read so far....more Página principal Estadísticas de puntuacionesAutor de Abduction: A Mpreg Yaoi Alien RomanceMiembrosReseñasPopularidadValoraciónFavorito Eventos 10815158,158 (3.19)00Obras de Amelita RaeAbduction: A Mpreg Yaoi Alien Romance 10 copias, 3 reseñasHappy Family: A Polyamorous Yaoi Romance 10 copias, 3 reseñasThe Rise (Fallen Angel, #1) 8 copias, 1 reseñaBloodlust: A Tale of Erotic Yaoi Horror 7 copias, 1 reseñaLa Douleur Exquise 7 copiasOwned (Innocent Pet, #1) 7 copiasDivine Proportions 7 copiasBeloved (Beloved, #1) 7 copias, 1 reseñaCherished (Innocent Pet, #2) 4 copias, 1 reseñaDark Possession (The Miner's Reluctant Wife, #1) 4 copiasTeaching the Twink 3 copiasHandsome 3 copias, 2 reseñasMrella (12), bleuberrybliss (10), Lillian Francis (8), jillsyb (5), suicidebybooks (5), katie66219 (5), ika 129 (4), bobbimare (3), dommebooks (3), Sunshine22222 (3), XiaXiaLake (2), Gabi90 (2), Stephan24 (2) — másAñadidos recientementebobbimare (3), bleuberrybliss (10), Midian (1), crimsonraider (1), LadyLudovica (1), ika 129 (4), katie66219 (5), loiqton (1), Lillian Francis (8), jillsyb (5)Eventos en LibraryThing LocalNingún evento. Terrified, alone and rapidly running out of oxygen, the young man waits to die until a bright light suddenly appears and sucks him into it.For a moment, Hisao thinks he HAS died, but his adventure has only just begun. Aboard the alien vessel, Hisao encounters a monster straight from his worst nightmares. Katashi is the name his alien 'rescuer' calls himself and he is the perfect predator; towering over the little human at ten-feet tall, with carbon-plated armor for skin, a mouth full of razor-sharp fangs, super-human strength, acidic blood, venomous saliva and dozens of semi-autonomous tentacles. Poor Hisao fears the worst but fortunately for him (or unfortunately) the powerful creature sees the pretty little human not as prey to be consumed, but rather as the perfect little broodmare for the many offspring he wishes to sire. He feels no guilt about altering Hisao's body without his consent and no qualms about breeding the beautiful young man against his will. The alien is utterly rational, but simultaneously devoid of human conscience or morality. Will Katashi ever learn to respect and treat his mate as an equal, despite the human's physical inferiority? Can Katashi come to understand the importance of free will to Hisao? Will Hisao ever be able to forgive Katashi for what he has done? Can true love blossom after such a difficult start? It is an interspecies romance for the ages, that will change the fate of the universe because what neither Katashi nor Hisao realize is that their love and their children may just turn out to be the saving grace for both of their worlds. This strange, space-age 'Beauty and the Beast' style story by Amelita Rae explores issues of free-will, consent, and what it means to be human, in the midst of some of the most graphic erotica you will ever encounter. The content is explicit and extreme and includes such sexual taboos as multiple penetrations, Mpreg, oviposition, minor scatology, tentacle sex, erotic birth, prolapse play and more. It may be quite disturbing for some readers so please enjoy responsibly! ~34,000 words Jump to ratings and reviewsAn Mpreg Yaoi Alien RomanceIn a freak accident, the hull of Hisao's ship is breached by meteor debris and the young spaceman is sucked out into space. All the innocent young lass wanted to do was watch funny cat videos, but then she discovered Boy's Love and that was the end of any worthwhile contribution she might have otherwise made to the world. She now spends most of her time writing filthy smut that she tries to frame with farfetched plots and deranged characters, but don't be fooled by her bullshit people, its all just smut.
